

You keep meaning to update your insurance and call your Aunt Helen.

Don't be a victim of poor planning: when misfortune occurs, it not only affects the company, but impacts the shareholders, employees—even your customers. Risk is a common element of doing business. But some things shouldn't be risked.

It is vital for your company to have the proper coverage for the unknowns that happen in life. **Total Insurance Services, Inc.**, a premier insurance brokerage and consultant firm, works with well-known and highly rated insurance carriers. We can help you find a plan that meets your entire Property Casualty insurance needs.

Most companies understand the importance of having the proper coverage. But most don't have the capabilities to manage it correctly. It is a time-consuming process that requires knowledge of the industry and much attention to detail. At **Total Insurance Services, Inc.**, managing risk is our business, and our expert consultants will provide you with the in-depth details that you need to know.

In addition to creating a customized insurance program for your company, **Total Insurance Services, Inc.** will:

- Save your company money
- Ease the minds of upper management by knowing that your company is covered—*properly*
- Improve coverage on Property & casualty insurance coverage
- Provide better claim assistance when you need it

**Total Insurance Services, Inc.** has been an expert in the industry for more than forty years. We know your business and understand all of your insurance needs. Together, we can manage your company's risk.

Call us today and let **Total Insurance Services** help you with some of the important things you meant to do. But maybe you ought to call your aunt. 847-656-0446
